1 Message from the CEO

Dear Shareholders,

In the past six months Jubii Europe N.V. continued with the liquidation process. The companies remaining are Jubii Europe N.V., the German subsidiary Jubii Europe GmbH and the Swedish subsidiary Yarps Network Services AB. The liquidation of Jubii Eastern Europe GmbH was finalized in May 2012 and only the confirmation of the companies' register is still pending.

Jubii Europe GmbH can only be entered into liquidation once its long term contractual obligation in connection with the sale of united domains AG is fulfilled. For Yarps Network Services AB a formal application for liquidation has already been filed. The finalization of its liquidation mainly depends on the completion of the pending lawsuit against TeliaSonera. Jubii Europe N.V. can immediately be liquidated after these two remaining subsidiaries are closed down and its own contractual obligations with regard to the sale of assets are solved.

In the first six month the Company realized a net loss of KEUR 505 which is attributable to the running costs of the Company

Notes to the Unaudited Condensed Consolidated Interim Financial Statements

2. Cash, cash equivalents and other investments
3. Provisions
4. Related party transactions
5. Commitments and Contingencies
6. Other operating expenses

1. Significant accounting policies

a) The Company

Jubii Europe N.V. (“Jubii Europe” or the “Company” / ISIN NL0000233195 / formerly “LYCOS Europe N.V.”) is a former operator of an international network of websites being wound up. The Company commenced operations in the year 1997 and the companies existing before 2000 were reorganized as subsidiaries of Jubii Europe N.V. in January 2000. The registered office of the Company is in Haarlem, the Netherlands (Jubii Europe N.V., Fonteinlaan 7, 2012 JG Haarlem, the Netherlands). The company announced its liquidation in November 2008 and immediately started the shutdown process.

The consolidated financial statements of the Company comprise the Company and its subsidiaries (together referred to as the “Group”).

b) Accounting policies

These unaudited condensed consolidated interim financial statements are prepared in accordance with IAS 34 “Interim Financial Reporting”. They do not include all of the information required for full annual financial statements, and should be read in conjunction with the Jubii Europe consolidated financial statements for the year ended December 31, 2011. Jubii Europe’s consolidated financial statements are prepared in accordance with International Financial Reporting Standards and its interpretations as adopted by Article 4 of Regulation (EC) No. 1606/2002 of the European Parliament and of the Council of July 19, 2002 on the application of international accounting standards (Official Journal EC L 243 p.1) (“IFRS”).

The preparation of unaudited condensed consolidated interim financial statements in conformity with IFRS requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The accounting policies used in the preparation of the unaudited condensed consolidated interim financial statements are consistent with those used in the consolidated financial statements for the year ended December 31, 2011.

The company further has to apply IFRS 8 “operating segments” as of January 1, 2009. Since the company is currently in the process of discontinuing its operations and to liquidate its assets, a segment reporting does not exist any longer. Furthermore since February 2009 all operations and services were stopped.

2. Cash, cash equivalents and other investments

Cash consist of bank balances and call deposits, cash equivalents consist of short-term deposits with an original and remaining maturity of less than three months and other investments consist of deposits with a maturity of more than 12 months. In 2012 the company transferred EUR 10.7 million from cash and cash equivalents to deposits with a maturity of 3 until 12 months.

3. Provisions

In thousand Euro	Provision
Balance at January 1, 2012	3.999
Provisions used during the year 2012	-30
Balance at June 30, 2012	3.969

4. Related party transactions

The Company engages in some related party transactions with Bertelsmann AG and their subsidiaries. These transactions are booked on separate accounts and are generally settled within thirty days of the relevant transaction. The billing rates are set at rates, which are arms-length.

5. Contingencies and commitments

Any contingencies or commitments have been provided for in the restructuring provision when appropriate.

Litigation

From time to time, the Company is subject to legal proceedings and claims in the ordinary course of business.

The Swedish subsidiary of Jubii Europe, Yarps Network Services AB, is conducting a lawsuit for substantial damages against the Swedish telecommunication services company, Telia Sonera, for abuse of dominant position in relation to the internet access business previously offered in Sweden. In a lawsuit by the Swedish Competition Authority against Teleia Sonera based on similar facts a fine was issued against Telia sonera in December 2011. The fine is the highest fine that has ever been imposed for abuse of dominant position in Sweden. Due to the fact that Telia Sonera appealed against the judgment of the Stockholm District Court, the judgment is not yet legally binding.

Although the fact pattern of the Swedish court decision is similar to Jubii's Swedish subsidiaries case, there can be no assurance that it would prevail in the court proceedings and obtain a money verdict in its favour. However the lawsuit in the first instance will presumably be decided at the earliest at the end of 2013.

6. Operating income/expenses

Operating expenses comprise of:

In thousand Euro	Six months ended June 30, 2012
