When used in this document, words such as “anticipate”, “believe”, “estimate”, “expect”, “intend”, “plan” and “project” and similar expressions, as they relate to Jubii Europe or its management, are intended to identify forward-looking statements. These statements, which reflect Jubii Europe’s current views with respect to future events, are not guarantees of future performance and involve risks and uncertainties that are difficult to predict. *The Annual General Meeting of Shareholders of Jubii Europe NV (ISIN NL0000233195) in 2014 amended the Company’s Articles of Association to extend the financial year to the twenty-one months ended September 30, 2015; the financial year 2015/2016 thus runs from October 01, 2015 to September 30, 2016. Therefore the half-year 1 October 2015 up to 31 March 2016 relates to the first half of the financial year ended 30 September 2016.*

### 1 Message from the CEO

Dear Shareholders,

In the first six months of the financial year 2015/2016 Jubii Europe N.V. continued to move forward with the winding up of the remaining companies which are Jubii Europe N.V., the German subsidiary Jubii Europe GmbH and the Swedish subsidiary Yarps Network Services AB.

For those two remaining subsidiaries, Yarps Network Services AB and Jubii Europe GmbH, a formal application for liquidation has been filed.

The liquidation of Yarps Network Services AB cannot be finalized until the legal dispute with TeliaSonera is concluded. In the first instance the Stockholm District Court found TeliaSonera AB guilty of abuse of its dominant position and ordered TeliaSonera to pay to Yarps Network Services AB damages of SEK 65 million plus interest until payment is made. The amount of damages and the amount of interest roughly and preliminary calculated as per day of judgement, March 7, 2016, (approximately SEK 62 million) therefore in total amounted to approximately SEK 127 million which on the basis of the exchange rate was at that time approximately EUR 13,6 million. The court further decided that both parties have to bear their own costs. However, the judgement of the first instance did not become final and binding, because TeliaSonera filed an appeal against this judgment. Therefore, Jubii’s subsidiary also filed an appeal on March 29, 2016, to further pursue its claim against TeliaSonera.

Jubii Europe N.V. will immediately be liquidated after these two remaining subsidiaries are closed down.

In the six month the Company realized a net loss of KEUR 663 which is mainly attributable to the legal dispute with TeliaSonera.

Dr. Fred Wilsdorf  
Chief Executive Officer

Cash, cash equivalents and other investments decreased to EUR 14.8 million as of March 31, 2016 compared to EUR 16.4 million as of September 30, 2015. ### 5 Risks and Uncertainties

Certain risk categories and risk factors which could have a material adverse effect on our financial position and results have been extensively described in the annual report 2014/2015. Please also refer to this report. Those risk categories and risk factors are deemed incorporated and repeated in this report by reference.

With regards to litigation, in particular the proceedings against TeliaSonera there can be no assurance that Jubii's subsidiary, Yarps, would prevail in the second instance at the Appeals Court and maintain a money verdict in its favour. Also, if Yarps lost the appeal against TeliaSonera, this could lead to additional costs impacting the financial situation of the Company.

Additional risks are not known to us, or currently believed not to be material, could later turn out

to have a material impact on our business objectives, income, assets, liquidity or capital resources.

## **6 Outlook**

Jubii Europe will continue the liquidation process; however, a detailed time schedule for the completion of this process cannot be provided at present. This is mainly due to the proceedings against TeliaSonera AB. On March 24, 2016, TeliaSonera AB and on March 29, 2016, Yarps Network Services AB appealed against the judgement of the first instance. There can be no assurance that Jubii's subsidiary, Yarps Network Services AB, would prevail in the second instance at the Appeals Court and maintain a money verdict in its favour. Also, if Yarps lost the appeal against TeliaSonera, this could lead to additional costs impacting the financial situation of the Company.

## **1. Significant accounting policies**

### **a) The Company**

Jubii Europe N.V. (“Jubii Europe” or the “Company” / ISIN NL0000233195 / formerly “LYCOS Europe N.V.”) is a former operator of an international network of websites being wound up. The Company commenced operations in the year 1997 and the entities existing before 2000 were reorganized as subsidiaries of Jubii Europe N.V. in January 2000. The registered office of the Company is in Haarlem, the Netherlands (Jubii Europe N.V., Fonteinlaan 7, 2012 JG Haarlem, the Netherlands). The company announced its liquidation in November 2008 and immediately started the winding up process.

The condensed consolidated interim financial statements of the Company comprise the Company and its subsidiaries (together referred to as the “Group”).

### **b) Accounting policies**

These unaudited condensed consolidated interim financial statements are prepared in accordance with IAS 34 “Interim Financial Reporting”. They do not include all of the information required for full annual financial statements, and should be read in conjunction with the Jubii Europe consolidated financial statements for the year ended September 30, 2015. Jubii Europe’s consolidated financial statements are prepared in accordance with International Financial Reporting Standards and its interpretations as adopted by Article 4 of Regulation (EC) No. 1606/2002 of the European Parliament and of the Council of July 19, 2002 on the application of international accounting standards (Official Journal EC L 243 p.1) (“IFRS”).

The Annual General Meeting of Shareholders of Jubii Europe NV (ISIN NL0000233195) in 2014 amended the Company’s Articles of Association to extend the financial year to the twenty-one months ended September 30, 2015; the financial year 2015/2016 thus runs from October 01, 2015 to September 30, 2016. Therefore the half-year 1 October 2015 up to 31 March 2016 relates to the first half of the financial year ended 30 September 2016.

The preparation of unaudited condensed consolidated interim financial statements in conformity with IFRS requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The accounting policies used in the preparation of the unaudited condensed consolidated interim financial statements are consistent with those used in the consolidated financial statements for the year ended September 30, 2015.

The company further has to apply IFRS 8 “operating segments” as of January 1, 2009. Since the company is currently in the process of discontinuing its operations and to liquidate its assets, a segment reporting does not exist any longer. Furthermore since February 2009 all operations and services were stopped.

## 2. Cash, cash equivalents and other investments

Cash consist of bank balances and deposits, cash equivalents consist of short-term deposits with an original and remaining maturity below than three months. Other investments are classified as short term (original maturity 3-12 months) in the balance sheet.

## 3. Provisions

In thousand Euro	Provision
<b>Balance at October 1, 2015</b>	<b>634</b>
Provisions released during the financial year 2015/2016	634
<b>Balance at March 31, 2016</b>	<b>0</b>

The provision mainly consists of liabilities and exposures related to the wind up process. An amount of EUR 0.6 million of prior year's provision was released as it was no longer required.

## 4. Related party transactions

The Company engages in some related party transactions with Bertelsmann SE & Co. KGaA and their subsidiaries. These transactions are booked on separate accounts and are generally settled within thirty days of the relevant transaction. The billing rates are set at rates, which are arms-length.

## 5. Contingencies and commitments

Any contingencies or commitments have been provided for in the provision when appropriate.

### Litigation

From time to time, the Company is subject to legal proceedings and claims in the ordinary course of business.

The Swedish subsidiary of Jubii Europe, Yarps Network Services AB, is conducting a lawsuit against the Swedish telecommunication services company, TeliaSonera AB, for abuse of dominant position in relation to the internet access business previously offered in Sweden. In the first instance the Stockholm District Court found TeliaSonera AB guilty of abuse of its dominant position and ordered TeliaSonera to pay to Yarps Network Services AB damages of SEK 65 million plus interest until payment is made. The amount of damages and the amount of interest roughly and preliminary calculated as per day of judgement, March 7, 2016, (approximately SEK 62 million) therefore in total amounted to approximately SEK 127 million which on the basis of the exchange rate was at that time approximately EUR 13,6 million. The court further decided that both parties have to bear their own costs.

The judgement of the first instance did not become final and binding, because TeliaSonera first filed an appeal against this judgment. Jubii's subsidiary also filed an appeal to further pursue its claim against TeliaSonera; the appeal proceedings are ongoing. There can be no assurance that Jubii's subsidiary, Yarps, would prevail in the second instance at the Appeals Court and maintain a money verdict in its favour. Also, if Yarps lost the appeal against TeliaSonera, this could lead to additional costs impacting the financial situation of the Company.

## 6. Operating income/expenses
